

## COVID-19 Mask Protocol Update

### COVID-19 UPDATE

---

**TO:** All District Employees  
**FROM:** Jeff Serpico, Human Resources Director  
**DATE:** **May 14, 2021**  
**SUBJECT:** Mask Protocol Update

Good morning District Team Members,

In accordance with the Governor's Emergency Directive 045, fully vaccinated individuals do not need to wear a mask in indoor and outdoor locations. Employees should not approach our customers or other staff members and request proof of vaccination.

New signage is being provided to assist in the implementation of this new directive. Vaccinated employees and customers may continue to wear masks at their discretion.

Please contact your Supervisor, Nicole Baker in Safety, or Human Resources with any questions.
