! This message is high priority.

Dear LVCCLD Team,

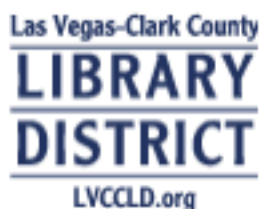

Beginning June 1, the Library District intends to return all operations to pre-pandemic conditions. This is of course in alignment with direction from federal and state government, local authority jurisdiction, and guidance from the Centers for Disease Control and Southern Nevada Health District.

Some of these expected changes include a return to 100% capacity, eliminating social distancing requirements, the removal of Plexiglas dividers, and the removal of reduced occupancy and social distancing signage.

I want to again say Thank You, for your hard work and flexibility throughout the pandemic to constantly adapt and better serve our customers as conditions change.

Should new mandates from authorities impact this direction, the Library District stands prepared to adapt our operations.

Best to you,
Kelvin

Kelvin Watson
